Transportation Planning and Management

A transportation service is not just about supplying cars & vehicles
Systematic planning and management by well-trained professional staff are essential factors for success

❏ Planning

- The characteristics of each event is analyzed
- A basic transportation plan is outlined
- Site inspections are performed (if needed)
- Operation details are scheduled

❏ Resources Available

- All types of cars & vehicles (sedan, van, buses, truck)
- Well -trained professional drivers
- Professional service staff

❏ Training

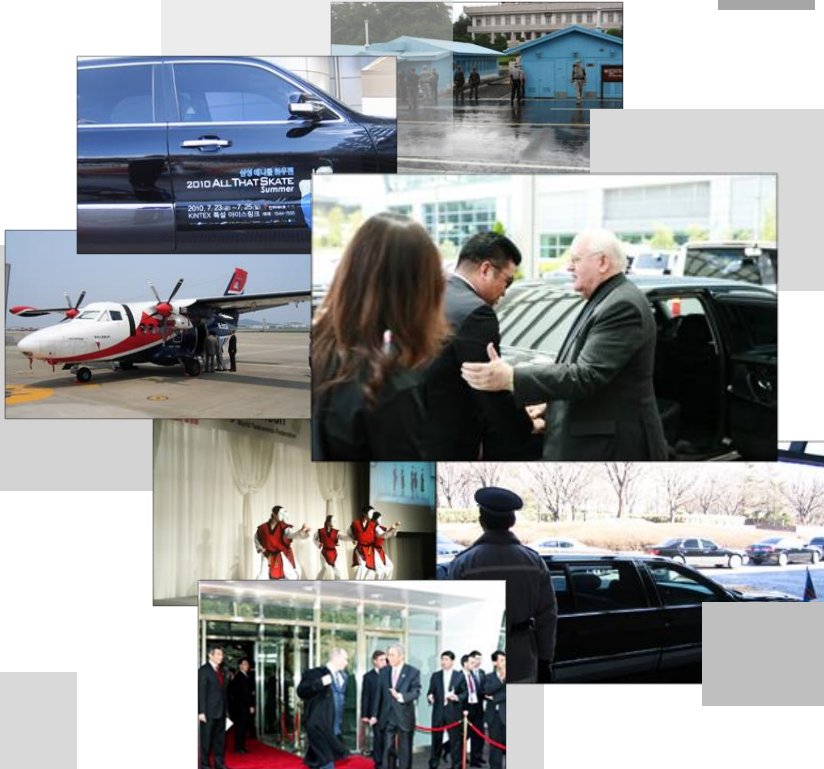

- We maintain documented service standards
- Drivers and staff are trained to meet and exceed expectations

❏ Detailed Operation Planning

- Resources are selected (vehicles, people, productions, etc)
- Resources are then employed for event operations

❏ Final Report

- All records are made available after the event
- The entire process (preparing-progress-closing) is documented
